DEVELOPMENT EXPERIENCE

Project: Full-Stack MERN Movie Application

LEAD DEVELOPER, CAREERFOUNDRY PROGRAM 2023

- Developed a movie application for users to register, log in, retrieve information on movies and perform CRUD operations with a backend database
- Created server side REST API in Node.js and Express as a non-relational database using MongoDB, modeled with Mongoose
- Built client side single page application using React

Project: MEET PWA Serverless Application

LEAD DEVELOPER, CAREERFOUNDRY PROGRAM 2023

- Developed React application using a test-driven development technique, fetched from a private Google Calendar with serverless functions and OAuth2 authentication

EMPLOYMENT

Mytheresa, Munich — Junior Shipping Coordinator

NOVEMBER 2021 - OCTOBER 2022
